

**Thousands Give \$35,309 in a Day for Wilson Cause**

NEW YORK, Oct. 13.—That President Wilson was essentially the popular candidate was demonstrated in a substantial manner at Democratic national headquarters when Henry Morgenthau, chairman of the finance committee, made public a list of the contributors to the campaign fund in one day showing 5,500 persons had sent in \$35,309 to help elect the president.

The contributions came from every state in the Union. The largest was \$1,000 and the smallest \$1. Nearly all were less than \$1.

### Court Investigates Brokers' Offices

(BLOOMINGDALE, Oct. 13.)—The local operations of Barrett Brothers, brokers, whose offices in New York were raided Thursday by federal agents, following the appointment of a receiver, were the subject of an investigation in Federal Judge Landis' court today. The offices when visited by the court agents were found to be deserted, except for a bookkeeper.

It is claimed the firm had approximately 1,500 clients in its local operations, including women, small shopkeepers, and clerks who bought unlisted securities.

## ELEPHANT BUTTE DAM, JUST COMPLETED, FORMS LAKE FORTY-FIVE MILES LONG

ELEPHANT BUTTE DAM.

### Two in Each State to Learn to Fly

Dedication Saturday Marks Close of Five Years' Work

#### THE DAM IN FIGURES

EL PASO, Oct. 13.—Private P. O. Graham of Oklahoma, El Paso last night as the result of a gunshot wound in the chest. Private Alvin J. Sams in command of the guard regiment is held under arrest today by the military authorities in connection with the shooting which occurred at the regimental guard house. Sams, who was on guard, claims that he was examining his rifle when it was accidentally discharged. Graham had been placed under arrest during the divisional march and was sent back to camp.

The reservoir, when filled, will contain 886,000,000,000 gallons—enough water to cover the state of Delaware two feet deep.

ELEPHANT BUTTE, N. M., Oct. 13.—After five years of work, during which modern engineering skill has been taxed to the utmost, the famous Elephant Butte dam is ready for the dedication ceremonies Saturday which will mark its completion. The ceremonies will be in keeping with the importance of the occasion. The participants will include two members of President Wilson's cabinet, the chief of staffs of the reclamation service at Washington, and the governors or other official representatives of many of the western states.

**Biggest Irrigation Project.**

The Elephant Butte dam is the chief feature of the biggest irrigation project ever undertaken by the reclamation service of the United States. By its completion the turbulent Rio Grande has been conquered and the wealth of the valley through which it flows will at last be realized.

While there are two other structures excelling this in height and several in cubic contents, the Elephant Butte dam outranks all other dams in the capacity of the reservoir created by it. Behind this massive wall of masonry there has formed the largest body of water absolutely controlled by man. This artificial lake has an area of 45 square miles, a shore line of 200 miles in length, an average depth of 65 feet.

**Ends Long Controversy.**

The completion of the dam brings to an end the bitter interstate and international controversy which has raged in the Rio Grande valley between New Mexico and Texas and with old Mexico. Mexico has canceled her claims for damages amounting to millions of dollars, will accept a supply of water drawn from the reservoir. By special treaty the United States has agreed to deliver to Mexico 20,000 cubic feet of water annually without cost.

The farmers whose land is to be irrigated are to pay the government \$20 for each acre of land on which the water is to be used. This will reimburse the government in large part for the entire cost of the project.

**AMERICAN MULE DRIVER KILLS MEXICAN GUARD**

NACO, Ariz., Oct. 13.—When an American mule driver attached to the Arizona National guard crossed the international line near here today to recover a strayed mule, he shot and fatally wounded Private Miguel Fonteza, a Carranza guard, on the Mexican side of the line who tried to arrest him. The mule driver fled to the American side of the line and army officers are now trying to locate him in the camp here.

**ARGENTINE PRESIDENT INSTALLED IN OFFICE**

BUENOS AIRES, Oct. 13.—Dr. Hipolito Irigoyen assumed the presidency of the republic today, succeeding Dr. Victoriano de la Plaza. Palacio Linares took office as vice president. They were acclaimed by great crowds of people who assembled to witness the ceremony which also was attended by the special ambassadors from the American republic. Complete order was maintained.

The new cabinet follows:

Minister of the interior, Ramon Gomez; foreign affairs, Carlos Beau; justice, Jose Salinas; finance, Domingo Salaberry; agriculture, Onorio Pueyrredon; war, Elpidio Gonzalez; marine, Francisco Alvarez; Toledo; public works, Pedro Torello.

### Just One Application and the Hairs Vanish

(Modes of Today)

A harmless yet very effective treatment is here given for the quick removal of hairy growths. Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.—Adv.
